Client testimonials

"Gail Schwartz is an artist. Her incredible talent and skill transformed a mass of mundane and disparate video interviews with my husband's family and friends into a unique and poignant memoir of all of our lives and how he has touched us for his 40th birthday. It is simple, real and stunning."

~ Alison Arms

"It's said that a picture is worth a thousand words. Gail Schwarz's videos are worth more than words or books! Gail created a five minute DVD of our performing group *Children Gather Round* this fall and it's getting rave reviews from everyone who has seen it. Gail captured the spirit of what we do through her sensitive filming and amazing editing process. This DVD has already helped us get a sponsorship from the Vermont teacher's organization VT NEA."

~ Mary Mitchell
